

Silverthread Grows Partner Ecosystem

Silverthread is actively teaming up with innovative market leaders with complementary technology or services to deliver comprehensive solutions to new and existing customers. This month, we are thrilled to announce new partnerships with D2iQ, a leading cloud native application management service, and Business Change Leader, a leading business transformation firm that guides organizations and leaders through complex disruptions. Read more about our work with each company below.

Silverthread and D2iQ Announce Strategic Partnership to Deliver Greater Visibility into Cloud Readiness and Cost-effective Cloud Migration

Silverthread has teamed up with D2iQ to provide enhanced visibility into cloud readiness and deliver cost-effective cloud native capabilities. By combining Silverthread's software architectural quality assessments with D2iQ's leadership in cloud native solutions and services, clients will be able to accelerate their cloud migration journey with more ease and agility.

The benefits of this new partnership include:

- Accelerated cloud assessments
 - Unbiased financial data to align stakeholders internally
 - Accurate migration schedule and cost estimates
 - Ability to monitor ROI over time
-

Silverthread and Business Change Leaders, Inc. Partner to Incorporate Strategic Software Insights into Enterprise Digital Transformation

Business Change Leaders (BCL) and Silverthread are collaborating to bring strategic software insights to digital enterprise transformation. By incorporating Silverthread's views on the health and performance of software portfolios into enterprise digital transformations, clients will uncover greater opportunities for cost savings, productivity improvements and risk reduction, and will benefit from BCL's successful proven framework and track record in helping their clients deliver on business model shifts.

The benefits of this new partnership include:

- Enhanced root cause analysis
 - Comprehensive software portfolio assessments
 - Holistic transformation expertise and guidance
 - Ability to monitor cost savings and performance improvements
-

Silverthread's partner ecosystem

Silverthread partners with innovators and market leaders who provide complementary services or solutions and share our philosophy that software is a critical business asset. By combining Silverthread's expertise in software architecture and economics with our partners' domain, industry, or technology expertise, we deliver a more comprehensive solution to meet the unique needs of our clients. Learn more about the types of partners we work with and how the CodeMRI Platform can be a competitive edge for both customers and partners [here](#).
